ABOUT ME

I am a front-end and software engineer with experience building responsive web and mobile applications using React and React Native. I have expertise in software quality assurance, including both manual and automated testing. I am skilled in data analysis and visualization using Python (Pandas, NumPy, Matplotlib, TensorFlow, PyTorch) and MS Excel with VBA. My background also includes IT operations, system troubleshooting, and automation with Python, along with knowledge of business processes, project management, and operations analysis

WORK EXPERIENCE

Vigorous Technologies Lahore, Punjab, Pakistan

Website <https://vigorous technologies.com/>

Software Engineer
